

Financial Planning

Survey Question:

“How important do you think it is to have financial plans in place for your child as it grows up?”

Info on the survey:

- Child Trust Funds are a new method for saving for your children introduced by the Government.
- The Government contribute money when your child is born (£250 voucher) and a further contribution when your child reaches seven (£250 paid into the account)
- Further payments are possible if you are receiving Child Tax Credits
- You (and your child) don't pay tax on income and gains for the account
